PRESS RELEASE

Training in Dubai

As part of the Dubai International Food Safety Conference (which runs on 9-11 November), Campden BRI will be providing food and drink safety training sessions on 8 November for attendees in three important areas:

- setting realistic shelf-lives for perishable products
- internal auditing
- risk-based food safety management.

The sessions are being led by senior Campden BRI staff, and further emphasise the company's growing role in providing expert knowledge tailored to the needs of companies throughout the world. Over the last 90 years, Campden BRI has developed an excellent reputation for the development and delivery of training programmes for personnel from the private and public sectors across the whole food and drink supply chain in areas related to safety, quality, packaging and processing. Over the last year, over 5000 individuals have been trained.

For further information on the training sessions and the event, please contact Daphne Llewellyn-Davies +44(0)1386 842040 daphne.davies@campdenbri.co.uk

Campden BRI (www.campdenbri.co.uk) provides technical, legislative and scientific support and research to the food and drinks industry worldwide – with a comprehensive “farm to fork” range of services covering agri-food production, analysis and testing, processing and manufacturing, safety, training and technical information services. Members and clients benefit from industry-leading facilities for analysis, product and process development, and sensory and consumer studies, which include a specialist brewing and wine division.
